

MiniCard adapter for SD card

MR04

MR04 MiniCard adapter for SD card is low-cost SSD and Ready-boost solution for laptop computers. Your SD card can easily fit into the MiniCard slot of newer laptops with MR04 mini-card adapter.

The MR04 was the best of the external drives. Solid State Drive (SSD) that delivers extra memory and reliably backs up your important data without cables and the protrusion of other, more awkward external storage devices.

Boosts System Performance in Windows Vista. Ideal for use with Windows Vista the ExpressCard SSD is enhanced for use with ReadyBoost? A Windows feature allows you to boost your system performance with fast caching directly to the SD Card. This allows you to access the data stored on your SD card faster than accessing it from your hard disk drive. And PC users can partition the drive for both ReadyBoost and storage/backup for ultimate convenience.
